

Broad Beach Water Main Replacement

The project consists of installing approximately 7200 linear feet of 12-inch diameter steel water main to replace an existing 6-inch diameter water main along Broad Beach Road in the City of Malibu. The project also includes replacement of a 2-inch diameter pipeline on Bunnie Lane and a 4-inch diameter pipeline serving Cottontail lane with an 8-inch diameter pipeline and connects both to the new 12-inch diameter water main on Broad Beach Drive. Construction of this project started in July 2007 and it was completed in March 2008.
